

RECYCLING: A BRIGHT START TO YOUR NEW CHAPTER

In this new chapter, every gesture matters, and recycling is crucial! As a member of the CWS community, you make a difference from the start. Recycling is essential for a healthier home and a brighter future.

For more information on Garbage & Recycling Collection, scan this QR code:

Every small effort counts to make a big difference in our environment!

1

SEPARATE

Sort your waste into designated recycling containers.

2

KNOW THE RULES:

Familiarize yourself with local recycling guidelines.

3

REDUCE AND REUSE:

Choose reusable products to minimize waste.

4

PREVENT CONTAMINATION:

Ensure recyclables are clean and free of residues.

RECYCLING

Recycling is the process of collecting and transforming used materials into new products. By separating our waste and recycling, we help conserve resources, reduce pollution, and make the world a more sustainable place.

HOW YOU CAN RECYCLE

From the housing team, we share with you 4 key tips to get you started on recycling and contribute to a more sustainable environment. Together, we make a difference!

RECYCLE FOR A BRIGHTER FUTURE

Recycling is crucial to building a sustainable future and improving the quality of life for everyone.

Save resources and reduce waste. Less pollution and lower environmental impact. Preserve energy and protect biodiversity. Generate local employment. Contribute to a sustainable community and empower everyone to make a difference.

Join the change!
